

Do You Get Color Values?

In the ordinary way of picture taking, yellows will photograph black, and blues will photograph white. Many other colors will act the same way on the plate.

But if you use a ray filter you get the proper value in all colors.

The ray filter fits over the lens and screens the various rays which affect the photographic plate and gives you much stronger and better results than without it.

WEEKLY WEATHER BULLETIN.

For the Week Ending June 9, 1906.

Honolulu, T. H., June 11, 1906.

GENERAL SUMMARY.

The march of temperature was quite well marked on the island of Kauai, generally on Oahu, on the windward side of Maui, and at Kohala Mission, Hawaii. At the remaining stations on Hawaii the increase of temperature over the preceding week was slight, except at Pahala where there was a decrease of 1.4 deg.; at Kihui, Maui, a slight decrease occurred.

Very dry weather obtained generally throughout the islands, a number of stations reporting no rainfall during the week. On the leeward side of Hawaii several stations report amounts ranging from .78 inch to 2.18 inches, and one station on windward Oahu reports .86 inch. At the majority of the stations throughout the Group the deficiency, as compared with the preceding week, was very marked, and generally amounted to inches, the greatest difference occurring on Hawaii.

The following table shows the weekly averages of temperature and rainfall for the principal islands, and for the Group:

	Temp.	Rainfall.
Hawaii	72.2 deg.	.23 inch.
Maui	75.9 deg.	.23 inch.
Oahu	77.7 deg.	.11 inch.
Kauai	76.6 deg.	.26 inch.

Entire Group

At the local office of the U. S. Weather Bureau, Honolulu, generally partly cloudy weather obtained, with occasional light showers on last three days giving a total rainfall of .15 inch, which is a deficiency for the week of .28 inch. The mean temperature was 78 deg., 2 deg. above the average, with a maximum of 83 deg. and a minimum of 72 deg. Average relative humidity 72 per cent.; average cloudiness 7-10; prevailing direction of wind east, with an average hourly velocity of 8 miles. The mean barometric pressure was 30.08 inches, ranging from 30.16 on the 3rd to 30.01 on the 9th.

REMARKS BY CORRESPONDENTS.

(Note: The figures following the name of a station indicate the day of the month with which the week's report closes.)

ISLAND OF HAWAII.

Kaunapali (7)—The weather was generally clear, sunny and warm, with light northeasterly winds prevailing. Mean temperature was 71 degrees and total rainfall .02 inch.—J. E. Gamallison.

Ponahawai (7)—The weather was uniformly warm and sunny, with light trade winds prevailing. Mean temperature 72 degrees; total rainfall .01 inch.—J. E. Gamallison.

Hilo (7)—Warm and dry weather with light winds throughout the week. The mean temperature was 73 degrees, with no rainfall.—L. C. Lyman.

Papaikou (7)—The weather was very dry and hot. There are no indications of rain. No rainfall occurred.—John T. Moir.

Pepeekeo (7)—Generally partly cloudy to cloudy weather, with no rainfall. The mean temperature was 73 degrees.—W. H. Rogers.

Honolulu (7)—The weather was very warm and dry. Total rainfall .12 inch.—Wm. Pullar.

Hakalau (7)—Very warm and dry weather obtained, with no rainfall.—Hakalau Plantation Co.

Honohina (7)—The warm, dry weather has continued. No rainfall occurred.—W. Elliot.

Papaia (7)—Very dry, warm days and nights obtained, with very light winds, and no rainfall.—C. McLennan.

Laupahoehoe (7)—Fine weather all the week, with clear moonlight nights, light trade winds, and calm sea. The total rainfall, .35 inch, occurred on the 1st.—E. W. Barnard.

Ookala (7)—Dry and windy, with east and southeast winds prevailing. The mean temperature was 73 degrees, and total rainfall .01 inch, which occurred on the 1st.—W. G. Walker.

Paauihau (7)—Dry, warm weather, with strong trade winds obtained. There was no rainfall.—Paauihau Plantation Co.

Paauihau (7)—A hot, dry, windy week, with a good deal of sunshine; warm mornings and clear days, with no indication of rain. Very high east winds night and day. The mean temperature was 70 degrees, and total rainfall .01 inch, on the 1st.—C. R. Blacow.

Honokaa (6)—Warm and dry weather, with no rainfall. The mean temperature was 73 degrees.—S. Gundelfinger.

Niuli (7)—Dry weather obtained, with considerably higher temperature. Prevailing wind east, blowing quite a gale at times. Mean temperature was 75 degrees, no rainfall.—F. C. Paetow.

Kohala (7)—Fine warm and dry weather, with usual trade winds. The mean temperature was 73 degrees, and no rainfall occurred.—J. M. Souza.

Kohala Mission (8)—The mean temperature, 73.2 degrees, was 1.8 degrees higher than that for the preceding week. Weather dry, with total rainfall of .05 inch, on the 8th.—Dr. B. D. Bond.

Puakea Ranch (7)—Strong northeasterly winds prevailed. Temperatures rather high, and no rainfall.—A. Mason.

Puuhiu (7)—Warm days; very light showers during nights and early mornings, with moderate trade winds. No rainfall.—S. P. Wood.

Kamuela (8)—High winds obtained. The mean temperature, 66.3 degrees, was slightly higher than that for the preceding week. The total rainfall, .10 inch, occurred on the 7th and 8th.—Mrs. E. W. Hay.

Kealahou (6)—Generally clear to partly cloudy weather obtained, with rainfall, excepting on 3rd and 5th; heavy on May 31st; total rainfall 1.67 inches.—Rev. S. H. Davis.

Kealahou (7)—Weather cloudy, with occasional showers, excepting on 3rd, 5th, and 6th. Total rainfall .78 inch.—Robert Wallace.

Pahala (6)—The mean temperature, 72.0 degrees, was 1.4 degree lower than that for the preceding week. The total rainfall, 2.18 inches, occurred on May 31st.—H. D. Harrison.

Kapoho (7)—Warm, dry weather, with easterly winds, a mean temperature of 73.7 degrees, and .23 inch of rain.—H. J. Lyman.

Olaa (7)—Fine weather, although a little dry. The mean temperature was 73 degrees, and the total rainfall .05 inch.—E. P. McCann.

ISLAND OF MAUI.

Hana (4)—Generally clear to partly cloudy, dry and warm weather, with light trade winds, and no rainfall.—N.

Omsted.

Nahiku (7)—Generally warm and clear days, with a total rainfall of .65 inch.—C. O. Jacobs.

Huelo (7)—The mean temperature, 72.5 degrees, was 1.1 degree higher than that of the preceding week. The total rainfall was .24 inch. Winds steady from east-northeast.—W. F. Pogue.

Peahi (7)—Fine weather obtained, with occasional light showers in the mornings. Light trade winds.—George Groves.

Haiku (7)—Generally clear weather and much sunshine, with but .05 inch of rainfall on the 7th. The mean temperature, 74.0 degrees, was 1.4 degree higher than that for the preceding week. Moderate trade winds obtained.—D. D. Baldwin.

Paia (7)—Very dry weather obtained, with some light, sprinkling showers amounting to .02 inch on the 7th. The trade winds are well established—at times light and at others fairly strong. General conditions dry, hot and dusty.—J. J. Jones.

Puunene (7)—Very warm in daytime, but seasonably cool at night. Weather very dry, with very high winds during middle of day. No rainfall.—J. N. S. Williams.

Waikuku (7)—Almost cloudless skies obtained, excepting on the 1st, with, as yet, no indications of rain. The mean temperature, 77.1 degrees, was slightly higher than that of the preceding week.—Bro. Frank.

Kihui (5)—Little change in weather conditions compared with those of last week. Prevailing conditions about normal for this season. Ditches continue dry and all pumps at work. The mean temperature was 77.5 degrees, and no rainfall.—James Scott.

Kaanapali (8)—The weather was very sultry, with light to moderate northeasterly winds during the first part of the week; strong northeasterly wind and partly cloudy weather obtained during the latter part. The mean temperature was 77.4 degrees, and total rainfall trace.—Wm. Robb.

ISLAND OF OAHU.

Maunawili (9)—Fine weather, with occasional showers. Night of 8th and the 9th very stormy and wet. The mean temperature was 75.6 degrees, and total rainfall .86 inch.—John Herd.

Waimanalo (8)—The total rainfall was 2.2 inch.—A. Irvine.

Ewa (9)—Very dry. Partly cloudy, partly sunny weather obtained, with light trade winds. The mean temperature was 77.0 degrees, and no rainfall.—R. Muller.

Wailanae (8)—Excessively warm weather obtained, with very little wind and no rainfall. The mean temperature was 80.0 degrees.—F. Meyer.

ISLAND OF KAUAI.

Makaweli (8)—Very dry, extremely warm weather, with light winds and clear sky. No rainfall. The mean temperature was 79.4 degrees.—Hawaii Sugar Co.

Eleele (8)—Rather warm and continued dry weather, except for occasional light showers which hardly did more than wet the surface of the ground.—McBryde Sugar Co.

Koloa (8)—Weather continues dry and warm. Showers occurred on last four days. Mean temperature 76.7 degrees, and total rainfall .37 inch.—Koloa Sugar Co.

Lihue (8)—Generally clear, warm weather obtained. In the mountains several trade wind showers fell, giving a good supply of irrigation water. Mean temperature 75.8 degrees, and total rainfall .18 inch.—F. Weber.

Koala (8)—Warm and dry weather, with occasional very light showers. The mean temperature was 76.1 degrees, and total rainfall .20 inch.—W. Jarvis.

Kilauea (8)—Fair and dry weather obtained; showers occurring during night amounted to .54 inch. The mean temperature was 75.0 degrees.—L. B. Boreiko.

WM. B. STOCKMAN,

Section Director.

A MEDICINE THAT WILL CURE CHRONIC DIARRHOEA.

Chamberlain's Colic, Cholera and Diarrhoea Remedy is the most successful medicine in the world for bowel complaints, and is the only remedy that will cure chronic diarrhoea. Every bottle is warranted. For sale by Benson, Smith & Co., Ltd., agents for Hawaii.

FURNITURE CHEAP

Increased business has forced us to add another store to our large Young Building furniture establishment. This gives us a frontage of 93 feet on Bishop street and depth of 68 feet. We are handling a large quantity of furniture and in this way are setting the pace on prices. We buy in large quantities and thus get our goods from the manufacturers cheaper. We ship in large quantities and are thus enabled to take the cheapest freight rates. This is of interest to you as it means we can sell the goods to you at bedrock prices.

LOW PRICES NOW

The summer months in Honolulu, particularly the months of June and July, are usually dull as far as furniture is concerned. Now, we have been importing large quantities of goods which have reached us during the last month; the steamer "Nebraskan" brought in a big lot. This rather takes even our 15,000 square feet of show room and warehouse space. We wish to brighten up June and July business this year and also to reduce stock. On this account we are going to cut our profits and move the goods. This means low prices. Come in and tell us of your wants, we can save you some money. There is not one home in Honolulu that is fully furnished—that is not one but what needs an article or two to fill out. What does your home need?

GOOD FURNITURE

We may be able to tell you. Perhaps you need new feather pillows or mattresses for your beds, and possibly a new bed would be better and more sanitary than the one you have now? Another chair for bedroom, diningroom or kitchen? A new dining set or some odd pieces for your parlor? New shades for your windows?

In bedroom sets we have some really dainty pieces in Mahogany, Curly Birch, Birdseye Maple and Golden Oak and many odd bureaus in all kinds of woods.

We have everything you need in the house furnishing line. Furnish your home better and reap big enjoyment dividends thereon.

A BROKEN DOWN SYSTEM.

This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—a break-down, as it were, of the vital forces that sustain the system. No matter what may be its causes (for they are almost numberless), its symptoms are much the same: the more prominent being sleeplessness, sense of prostration or weakness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what alone is absolutely essential in all such cases is INCREASED VITALITY—VIGOR—VITAL STRENGTH AND ENERGY to prove that as night succeeds the day this may throw off these morbid feelings, and experience a new lease of life—reviving tonic.

THERAPION, No. 3

than by any other known combination. So sure, as it is taken in accordance with the printed directions accompanying it, will the shattered health be restored, the EXHAUSTING LAMP OF LIFE LIGHTED UP AGAIN, and a new existence imparted in place of what had so lately seemed worn-out, "used up" and valueless. This wonderful medicine is pure vegetable and innocuous, is agreeable to the taste—suitable for all constitutions and conditions, in either sex; and it is difficult to imagine a case of disease or derangement, whose main features are those of debility, that will not be speedily and permanently benefited by this never-failing recuperative essence, which is destined to cast into oblivion everything that had preceded it for this widespread and numerous class of human ailments.

THERAPION

is sold by principal Chemists throughout the world. Price in England 2/6 and 4/6. In ordering, state which of the three numbers required, and observe that the word "Therapion" appears on British government Stamp (its white letters on a red ground) affixed to every package by order of His Majesty's Hon. Commissioners, and without which it is a forgery.
